**DON'T SPEND A LOT OF
\$\$ ON SUPPLIES!!**

Mixed Media with Gayle Gerson (241- 8561) call if you have questions

Note: Please don't spend a lot of money on supplies.

The essence of collage is using what you already have or what you might find or put into new combinations. Paint colors are merely suggestions, not requirements. So long as you have the primaries (red, yellow, blue) and black and white.

We will talk about what sub-strates (canvas, watercolor paper, boards, etc.) to buy during first class.
